

**IN THE CLAIMS:**

Please amend the claims as follows:

Cancel claim 25, without prejudice.

Amend claims 28 and 52 to read as follows:

28. (Once Amended) The method of Claim 20 which further comprises repeating steps (a) through (e) at monthly or yearly intervals.

52. (Thrice Amended) The method of Claim 29, 50 or 60 in which the labeled antibody is a human antibody.

**REMARKS**

Claims 20-34, 48-53, 55, 56 and 58-62 were pending in the present application. Applicants note with appreciation that claims 48-53, 55, 56, and 58-62 have been deemed to be allowable. Applicants note that in the Response Under 37 C.F.R. § 1.111 With Amendment filed on August 6, 2001 in the United States Patent and Trademark Office, attorneys for Applicants in the remarks section of the response stated that claim 25 was canceled and argued accordingly. However, they inadvertently did not state that claim 25 was canceled in the section of the response entitled "IN THE CLAIMS." Accordingly, in order to clarify the record, attorneys for Applicants have canceled claim 25, herein, without prejudice to Applicants' right to pursue the subject matter of the canceled claim in a related application. They have also amended claims 28 and 52. Claim 28 is amended to include step (e) of claim 20 and claim 52 is amended to correct the dependency of the claim. In particular, claim 52 has been amended to clarify on the record that it is dependent from claim 29, rather than claim 20. A marked up version of the claims amended herein, with deletions and additions indicated by brackets and underlining, respectively, is attached hereto as Exhibit A. Upon entry of this amendment, claims 20-24, 26-34, 48-53, 55, 56 and 58-62 will be pending in the present application. A copy of the pending claims, upon entry of this amendment, is attached hereto as Exhibit B. Applicants respectfully assert that the amendments to the claims do not constitute new subject matter.
